OPERATIONS AND EVENTS

DREAMLINER TO FLY ON REGULAR ROUTES FROM PRAGUE

Effective the start of the winter schedule, two air carriers have operated their flights from/to Prague with Boeing 787 Dreamliner, one of the most modern and quietest aircraft of our time. The cabin of these aircraft is designed to make flying more pleasant and comfortable. Qatar Airways uses B787-8 daily on its afternoon service to Doha. A version longer by six metres, B787-9, is a part of the Korean Air's fleet. The aircraft services the carrier's route to Prague from Seoul, South Korea, on Mondays, Wednesdays and Saturdays under the winter schedule. Prague Airport organised official launch of operations for both airlines and welcomed their aircraft with a water cannon salute and a ribbon cutting ceremony.

SUCCESSFUL ROADSHOW FOR BUSINESS PARTNERS

Prague Airport has organised the 9th Annual St. Martin's Roadshow for travel agencies, tour operators and ticketing agents. The Roadshow introduced product updates to key business partners, namely new air connections from/to Prague and services offered to passengers at the airport. American Airlines and Qatar

Airways were this year's partners of the event, which took place between 12 and 20 November 2018 in a total of six cities across the Czech Republic, namely Ostrava, Olomouc, Zlín, Brno, Pilsen and Prague. This year's participation was record-breaking. Over 350 B2B guests showed their interest. Prague Airport wishes to thank everyone involved for their co-operation.

PRAGUE AIRPORT HOSTS BIBLIO GLOBUS EVENT

Biblio Globus, a Russian tour operator, has brought over 110 important representatives of Russian travel agencies to the Czech Republic, a very attractive destination for the Russian market. The operator had organised an interesting four-day programme, including an event hosted at Prague Airport.

Representatives of Prague Airport, the official partner of the event, then presented airport's services to the visitors in the Congress Hall.

NEWS FROM AIRLINES

AMERICAN AIRLINES INCREASES CAPACITY ON PRAGUE-PHILADELPHIA ROUTE

American Airlines will offer more seats on flights between Václav Havel

American Airlines launched seasonal service between Prague and Philadelphia International Airport in 2019, resulting from increased demand and ticket sales tendencies. Next year, flights will be operated by Airbus A330-200 aircraft, featuring Premium Economy Class and more than 500 additional seats per week for passengers to book.

American launched seasonal service between Prague and Philadelphia in May 2018, operated by Boeing 767-300 aircraft. In its first year, the carrier transported almost 60,000 customers between the two cities.

SERVICES AND FACILITIES

CSAT OPENS NEW HANGAR FOR LINE MAINTENANCE

Czech Airlines Technics, a daughter company of Prague Airport, has officially launched operations of a new hangar for line maintenance located at Václav Havel Airport Prague's premises. This hangar is primarily used for lower level maintenance checks and is designed for one Boeing 737, Airbus A320 Family or ATR turboprop aircraft.

CSAT provides line maintenance services to over 85% of airlines operating their flights from/to Prague Airport.

PRAGUE AIRPORT HONEY WINS GOLD MEDAL AGAIN

Honey produced by Prague Airport's bees has successfully retained a Gold Medal in the 2018 Czech Honey

contest, held annually by the Czech Beekeepers Association. Airport honey routinely takes the top positions in the Association's ranking. This year, once again, it received a 100% rating among a total of 352 honey samples. Beekeeping was established at Václav Havel Airport Prague in 2011 as a means of air

quality biomonitoring. The Gold Medal confirms the long-term ultimate quality of the honey produced by bees kept on the premises of Prague Airport and good air quality in the airport's surrounding area.
