

B2B NEWSLETTER 10/2020

FLY DIRECTLY FROM PRAGUE IN NOVEMBER

Passengers can currently choose from approximately 40 destinations to which they can fly directly from Václav Havel Airport Prague. There are also direct flights to some popular holiday destinations, such as Egypt, Tunisia and the Canary Islands. However, it is always important for passengers to learn about the specific conditions of travel to their destination and back home. Airlines continuously evaluate the current epidemiological situation in the Czech Republic and abroad, with a special focus on the demand of passengers for travel. Therefore, carriers react to the situation very flexibly and adjust the offer of connections from Prague in their flight schedules. We recommend to all passengers to follow the current flight offer on the carriers' websites.
