II/2026

Dear fellow air cargo enthusiasts,

You are currently reading the last issue of our regular cargo newsletter. In the future, we will inform you about news and announcements through our new WhatsApp community. You can find the QR code leading to the community below in this newsletter. Please note that the community is mostly focused on local news and therefore will be published in Czech.

If you don't speak Czech, don't worry. Important announcements about new carriers, routes, and connections as well as interesting air cargo stories, will still be shared on [my LinkedIn page](#).

Cargo Development Manager

## Stay in Touch

### Prague – First Choice in Europe for STARLUX

Starting 1st August 2026, STARLUX Airlines will launch a new direct flight between Prague and Taipei, making Václav Havel Airport Prague the airline's first regular destination in Europe. The flight will be operated by an Airbus A350-900, three times a week (Tuesdays, Thursdays, and Saturdays). Beginning in October, the frequency will increase to four flights a week with the addition of a Monday service.

### From Zurich to Prague on a Widebody with Swiss

Swiss International Air Lines will show us their brand-new A350 again. Throughout the Summer 2026 season, SWISS will operate a wide-body aircraft on its regular ZRH-PRG-ZRH route twice a week (Tuesdays and Thursdays). With the A350's capacity, SWISS offers significantly faster transit times to many long-haul destinations, without the need for RFS.
